

GIANTS BEAT YANKS THREE HURT AS HOME DYNAMITED IN OPENING GAME 5-4

Yankee Stadium, N. Y., Oct. 10.—Stengel hit a home run in the ninth inning to the center field fence, winning the game for the Giants, 5 to 4.

Yankee Stadium, N. Y., Oct. 10.—Hits and runs galore with several swift double plays and some neat stops, furnished plenty of baseball in the initial game of the World Series here this afternoon between the Giants and Yankees in which the teams were running neck and neck at 4 to 4 in the eighth stanza.

The Yankees scored first in the initial inning Witt flied out, but Dugan walked. Ruth grounded to Groh forcing Dugan but R. Meusel doubled, scoring Ruth. Pipp flied out. The Yanks added two more in the second. Witt singled to left and Schang singled to center. Scott sacrificed, advancing the runners, both of whom scored after Hoyt fanned when Witt singled to center Dugan was tossed out.

The Giants forged ahead in the third. Kelly singled and Gowdy walked. Bentley batted for Watson and singled, filling the bases Bancroft forced Gearin, who ran for Bentley while Kelly scored. Groh tripled to right scoring Maguire, who ran for Gowdy, and Bancroft. Frisch singled to right, scoring Groh.

The Yanks tied the count in the seventh. Bush singled. Witt flied out but Dugan tripled to right scoring Bush. Ruth grounded and Dugan was caught at home and R. Meusel fanned. McGraw lifted Watson in favor of a pinch hitter in the third and Rosie Ryan replaced him to start the fourth. When the Nationals started their hitting spree in the fourth Hoyt was lifted in favor of Bush.

The lineups—Giants—Bancroft, ss; Groh, 3b; Frisch, 2b; Young, rf; E. Meusel, lf; Stengel, cf; Kelly, 1b; Gowdy c; Watson, p. Yankees—Witt, cf; Dugan, 3b; Ruth, rf; R. Meusel, lf; Pipp, 1b; Ward, 2b; Schang, c; Scott, ss; Hoyt, p.

McGraw changed batteries in the fourth, Ryan and Gowdy taking up the burden. Bush replaced Hoyt for the Yankees in the third.

The umpires—Evans, home plate; O'Day, first base; Nallin, second base; Hart, third base. Attendance—55,000.

More than sixty thousand, who cannot seem to take their bromide or let it alone sat in this afternoon for the 1923 premier of the annual nuisance, otherwise known as the world's series between the Giants and Yankees. The crowd broke all records for single game attendance at the post season classic, thus confounding volunteer pallbearers who declared in advance that New York's interest if any, had grown tepid.

THE SCORE BY INNINGS

Team	1	2	3	4	5	6	7	8	9	R	H	E
Giants	0	0	4	0	0	0	0	0	1	5	8	0
Yankees	1	2	0	0	0	0	1	0	0	4	12	1

CROWDS STAND ALL NIGHT TO SEE GAME

BY DAVIS J. WALSH.
New York, Oct. 10.—In the dark, chilly breezes of early morning, men waited today beyond the strangely silent doors of a great stadium with a patience usually given only to those who see the end of one world and the beginning of another. They did not wait for the coming of the millennium nor the equal division of the riches, health and happiness.

They waited for the opening game of the 1923 world's series, beginning

HECHT SENTENCED TO SERVE 10 YEARS IN FEDERAL PRISON

Cincinnati, O., Oct. 10.—Fred Hecht, Dayton, indicted for embezzlement, was sentenced to serve 10 years in the Atlanta penitentiary by Federal Judge Smith Hickenlooper today.

Hecht entered a plea of guilty to all thirty counts when arraigned before Judge Smith Hickenlooper of U. S. district court this morning.

The indictment was returned against Hecht by the U. S. grand jury Friday and charged abstractions and embezzlements totaling \$306,357.69. Each of twenty-nine counts named a specific alleged abstraction on a certain date. The last charged embezzlement of the total.

The indictment charges the abstractions took place between September 1, 1920, and August 14, 1923. Alleged discovery of a \$10,000 note to which the name of a depositor had been forged led to Hecht's arrest. After the arrest the American National bank was absorbed by the Merchants National bank. Hecht had been cashier of the American National for six years.

EARTHQUAKE SHOCKS NOTED BY STATIONS

Dublin, Oct. 10.—The seismograph at Rathfarnham castle observatory registered severe earthquake shocks this morning. The seat of disturbance was believed to be about 1,300 miles distant, possibly in Italy or the Azores.

Washington, Oct. 10.—An earthquake, with the center of the disturbance about 3,400 miles south of Washington, was recorded on the seismograph at Georgetown University, early today.

Miss Rube Reed, 22, New York City artists' model and former member of the Scandals chorus, has filed suit for \$50,000 damages she alleges she received while motoring with Ben Shinkman.

WALTON MAKES NEW PROPOSAL TO LAWMAKERS

Will Resign if Legislature Passes His Anti-Klan Measure

Oklahoma City, Oct. 10.—Governor J. C. Walton has offered to resign if the legislature which meets Thursday will pass an anti-Ku Klux Klan law of his dictation.

The governor made his purpose known in a lengthy official statement. His proposed law would lay heavy penalties upon masked parties and prescribes certification of all secret society memberships with county clerks annually.

Members of the legislature, most of them opponents of the governor, indicated when they learned of the governor's proposal that it would not be accepted.

In his statement the governor said in part: "If this proposition is not accepted and the Klan members of the legislature, who are in a majority in both houses, as I am informed, undertake impeachment first and then promise to pass an anti-Ku Klux Klan law now being prepared at the headquarters of the invisible empire at Atlanta, Ga., I will have something more to say to the people of this state as to how we must proceed to protect ourselves from this organization of masked marauders, who have practical control of the judiciary and police power in the principal cities of the state."

The Skirvin hotel lobby was crowded with solons here for the special session of the legislature when Alrich Blanke, counselor to the governor, appeared and communicated the governor's proposal. There was only a ripple of excitement.

FRENCH REJECT EIGHT HOUR DAY

Berlin Oct. 10.—General DeGoutte, commander of the French army of occupation in the Ruhr, has rejected Hugo Stinnes' request for suspension of the eight-hour work day and other ameliorating labor measures in territory held by the French, according to information received today from Desseldorf.

German officials were deeply disappointed over the refusal of Belgians and French to enter into direct negotiations with Germany. They contended that the government is doing everything possible to restore normal industrial and mining conditions in the Ruhr.

EARTHQUAKE REPORTED

Sydney, Australia, Oct. 10.—An earthquake disturbance, believed to center in the North Malay archipelago was recorded today by the observatory seismograph.

BIG FOREST FIRE IS STILL RAGING

MICHIGAN TOWNS SURROUNDED BY WALL OF FLAME

Many Square Miles of Timber Land in State Ablaze.

Ontonagon, Mich., Oct. 10.—A wall of forest fire surrounded Ontonagon during the night.

Panic seized the people. Women and children tramped through the smoke-filled streets in fear. The men battled all night with the approaching flames.

Sixty square miles of timber land in this county alone are on fire. In Ontonagon every foot of fire hose has been laid and volunteers are keeping roofs wet as sparks shower from the sky.

At Greene, seven miles west of here, 12 houses have been burned. The village is threatened and the population has fled to open farming country. Refugees are housed in schools and barns.

Many logging and hunting camps and farm houses were destroyed throughout the district. Reports from Houghton said flames were nearing that place and lake summer resorts were in danger. Several cottages were destroyed at Twin Lake. Fire wardens said the forest fires threaten to be most destructive in recent years.

Superior, Wis., Oct. 10.—The northwestern wooded territory was threatened today by the most serious forest fires that have visited the section since 1913. Superior was practically hemmed in but not in danger. Smaller towns nearby, however, were menaced.

Navigation on Lake Superior was severely hampered due to dense clouds of smoke which made the air thick. Freighters were keeping far off shore. The North Lake, a large boat, ran ashore, but was pulled off by cutters. Captains reported they were able to see only about 300 feet ahead of their ships.

Prospects of halting the flames were disheartening. Forecasts were for fair weather. A heavy rain would be necessary to quench the flames.

RUSSIA WATCHING GERMAN TROUBLE

Berlin, Oct. 10.—Russian Bolshevik leaders are watching developments in Germany with glad anticipation. Both Trotsky and a sister of the sick premier, Lenin, have sent congratulations to the Rote Fahne, communist newspaper, on its reappearance after being suppressed for a week.

Ulanoff, Lenin's sister, writes: "Now comes the hour of decisive battles. The Rote Fahne has always been the best organizing force for the revolutionary movement in Germany."

Protzky writes: "Madness and chaos reign in Europe. Three southern peninsulas are officially in the hands of the fascists. French militarism aims to strangle the German nation. But when one sees a new number of the Rote Fahne one feels that the German public are represented and are alive and able to find the way to the future."

NEW RULING ON DRY LAW GIVEN

Columbus, Oct. 10.—According to a ruling by the Ohio supreme court one needs only to "believe" another person is violating a prohibition law to get an affidavit. Actual knowledge of fact is not necessary to secure a raid on a person's premises, the decision holds.

The marshal of Milford, O., told the mayor he "believed," but had no certain knowledge, that William Abt was violating the dry laws. The marshal then made an affidavit to that effect, but gave no positive reasons for his suspicion. A search and arrest of Abt followed.

Abt was fined \$1,000. He appealed to common pleas court that the affidavit was faulty. Common pleas court reversed and found for Abt. The state won in court of appeals. Abt then appealed to the supreme court.

POINCARÉ REJECTS PROPOSAL

Paris, Oct. 10.—Premier Poincaré today flatly rejected the German proposal for a French, Belgian and German commission to settle the Ruhr problem through direct negotiations. It had previously been rejected by Belgium.

COLLEGE PROFESSOR DECLARES FAMOUS REMBRANDT PAINTING IS SPURIOUS

Old woman cutting her nails

Above is the famous painting 'Old Woman Cutting Her Nails,' hanging in the Metropolitan Museum of Art in New York and attributed to Rembrandt. It is the best of the 17 paintings in the museum which are attributed to the famous master. Prof. John C. Van Dyke, of Rutgers College, after a study of 50 years now declares not one of the paintings is by Rembrandt, adding there is not an original Rembrandt in America. The museum authorities deride his statement.

CHARGE STINNES ATTEMPTED TO WRECK NEW GERMAN CABINET

Berlin, Oct. 10.—Hugo Stinnes' bull by the horns and visit General DeGoutte, submitting proposals. France welcomed Stinnes' action because it was felt in Paris it would speed German disintegration. Poincaré cleverly evasively played the German industrialists against the government.

All chances of Stinnes driving an independent bargain with the French have apparently been shattered by the allied demands.

DONAHEY ACCUSES ATTORNEY GENERAL OF "SCALAWAGGING"

Columbus, Oct. 10.—Accusing Attorney General Crabbe of "scalawagging" in his attack on the State Securities Department, Governor Donahey, in a statement late yesterday, declared that no stock of the defunct R. L. Dollings Company had been certified by the present Securities Commission.

"Mr. Crabbe knows this and that's what hurt him," the governor asserted. The attorney general in recent speeches had declared that officials of the Dollings Company and members of the State Securities Department worked together hand in glove.

The governor defied Crabbe to "speak plainly if he knows anything wrong," and declared that "only by innuendo and insinuations is Mr. Crabbe alleging that the Securities Department is now under the crooked control of the R. L. Dollings Company."

MAN FOUND GUILTY OF BIGAMY BY JURY

Cleveland, Oct. 10.—George Brown, charged with bigamy and found guilty by a jury, on the witness stand denied his first marriage in 1919 to Elizabeth Lee Fort. After his conviction he admitted the marriage to the judge. He later married Florence Jarrett. He was sentenced to three years in the Ohio penitentiary. "I would have sentenced you to only two years, but I added a year because you lied under oath," the judge said.

FEWER BIRTHS IN OHIO IN EARLY PART OF YEAR

Columbus, Oct. 10.—The federal census bureau announces that the birth rate in Ohio for the first quarter of this year was 20.9 per 1,000 of population as against 21.3 for the same period last year. The death rate was 15.6 for each 1,000 population during the first three months this year as against 13.8 for the same months last year. The death rate, also, was much higher than 10.5, the adjusted rate for all of 1922.

RESIDENCE OF TOWN MARSHAL IS DESTROYED

Village of Smithfield, Near Steubenville, O., Awakened by Blast.

RESULT OF GRUDGE

Wife of Official Believed to Have Sustained Broken Back.

Steubenville, O., Oct. 10.—The residence of Charles Pearce, marshal of the village of Smithfield, this county, was dynamited at four o'clock this morning and completely demolished. Pearce, his wife and child were badly injured. Mrs. Pearce is believed to have sustained a broken back.

The village was rocked by the blast. Dynamite, placed under the front door of the Pearce home, blew the house off its foundation, its sides caved in and the roof fell through to the first floor.

Pearce and his family were sleeping in the front room on the second floor and were hurled from their beds, through the floor and fell in a heap amid the wreckage of their home. The wreckage caught fire and was partially destroyed before village firemen could extinguish the flames.

Neighbors hurried to the Pearce home and assisted in extricating Pearce and his family from the wrecked building. County authorities investigating the bombing this morning are of the opinion that the dynamiting was done by an enemy of Pearce, probably some one who was prosecuted for liquor violation.

JUDGE MAY NAME RECEIVER FOR D. & X. TRACTION COMPANY

Dayton, Ohio, October 10.—That a receiver for Dayton, Springfield and Xenia Traction Company will be appointed by Judge Smith Hickenlooper, of the Cincinnati Federal Court, if satisfactory appointment of a receiver cannot be effected by the parties concerned, was indicated in a memorandum filed in the United States District Court here by the Cincinnati judges.

It was indicated that T. A. Fennel, Vice President and General Manager of the company, will receive endorsement for the receivership, having the approval of at least two-thirds of the stockholders.

In a statement filed in the Federal Court, Fennel declares that the lines of the railway are in excellent physical condition. He cited the physical assets of the company at \$916,409.11 as against an indebtedness of \$465,900 exclusive of \$500,000 in bonds held by the First Wisconsin Trust Company.

Fennel says that for several months motor bus competition has detracted from the profits of operation and has led to the default in payment of interest on the bonds held by the Wisconsin Trust Company.

However, officials of the Company hold the opinion that the property is sound and is capable of successful operation on a basis that will protect the interests of the stockholders and provide for the continued operation of the line at a profit.

KNIGHTS TEMPLAR WILL HOLD PARADE

Columbus, Oct. 10.—More than 8,000 plumed Knights Templar from 73 commanderies throughout Ohio are expected to march this afternoon to the music of 33 bands in the parade which is the feature event of the 81st annual convocation of the Grand Commandery of Ohio. The convocation formally opened with an address of welcome by Governor Donahey at 10 o'clock this morning. The convocation will last through Thursday.

Many women accompanied their husbands to the annual meeting. The governor's wife entertained visiting ladies with a reception at the governor's mansion this morning.

Bank Cashier Held When Institution Is Closed

Erie, Pa., Oct. 10.—The Citizens Bank of Albion, Erie County, was closed this morning by State Bank examiners. A shortage of \$77,000 has been found in the bank.

Ralph J. Griswold, cashier of the bank, has been taken into custody on complaint of State Bank Examiner Heckman, charged with being responsible for the shortage.

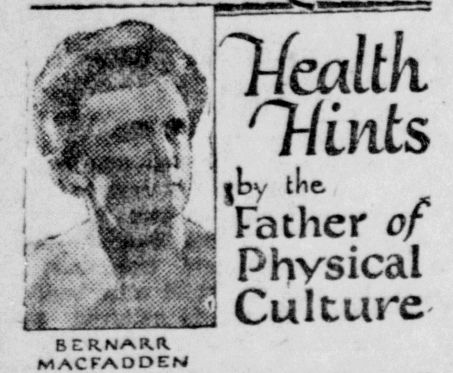

XENIANS ATTEND SOCIETY MEETING

A number of Xenia women attended the thirty-fourth annual meeting of the Springfield District, Dayton Presbyterial Society of Missions, held Wednesday, in the Yellow Springs, Presbyterian Church.

Miss Florence White of Clifton is president of the district, which is composed of the four churches in Springfield, and churches in Xenia, in New Carlisle, Yellow Springs, South Charleston and Clifton.

The morning session opened at 9:30 with devotionals, by Mrs. Robert N. Coleman, of Clifton. Mrs. A. C. Messenger, of this city, gave the minutes followed by ten-minute reports from the presbyterial secretaries. Mrs. E. F. Babb, of Springfield, gave the synodical report. The open conference and question box was conducted by Miss Nan B. Williams, Dayton. Luncheon was served at noon.

Mrs. R. S. Jacoby of Yellow Springs, had charge of the devotionals at the opening of the afternoon session. "Young People's Work" was the subject of a talk by Miss Elizabeth Ricks of Springfield. Mrs. Kennedy, and Miss Ching-Tanghi, of China, gave missionary addresses. Mrs. Earl Littleton, of Yellow Springs sang a solo. The meeting was closed by benediction by the Rev. Joseph Bartlett.

Health Hints

by the Father of Physical Culture

It is doubtful whether any question connected with the regaining or maintaining of health has aroused so much interest and attention during the past few years as has the subject of fasting. It has been discussed pro and con, enthusiastically presented and endorsed, and as vigorously abused and condemned. As a rule, medical experts have said little or nothing in its favor, and even those passages in medical works which might possibly be construed into favorable comment, have been explained away or whitened down so that they could no longer give comfort to the believers in the doctrine.

It is well before I proceed to a presentation of this subject to define the true meaning of the word "fasting." To fast is totally to abstain from food, either liquid or solid. This does not exclude the use of water. But absolutely nothing else, either liquid or solid, can be used in a true fast as its advocates understand the term. A partial fast, therefore, is no fast at all. The term may be used for convenience sake but is a misnomer. One either fasts, or he partakes of food, and when he does the latter he cannot be said to be doing the former.

The first time the idea of the benefits of fasting occurred to me was when in my eager search for some natural cure of disease, I turned to the lower animals. I remember well the course of reasoning that my youthful brain followed. I said to myself: "Here am I, struggling to attain health. I am supposed to be a creature of superior intelligence, yet my efforts seem to be vain, while the dog and the horse, the wild animals and the wild birds, seem to be healthy and strong all the time, knowing nothing of the diseases which make life so miserable." Then it was that I observed that, when there was anything the matter with them, they abstained from food, and it was this fact that led me a little later, when I was attacked with pneumonia, to have the courage to go without food.

The animals do not desire food when they are sick. Their unperverted instincts lead them to refuse it, even though it is urged upon them by the higher (?) animal, man. As I further studied disease, with this great fact from the animal world in my mind, I soon saw that when we were sick we revolted at food just as the animals did.

The logic of the situation then became inexorable, and the whole matter resolved itself into the following simple propositions:

When animals are sick, they refuse food. As soon as they are well, and not before, they begin to eat.

YELLOW SPRINGS

The Ku Klux Klan held a meeting Wednesday evening in the Opera House. Rev. Middleton of Xenia made the address. C. C. Woodward, county organizer was present and received a number of applicants for membership.

Mrs. W. C. Marshall has gone to Evansville, Ind. to attend the annual conference on tuberculosis held in that city week.

STRONG-RITENOUR NUPTIALS TUESDAY

Before an altar decked with pink chrysanthemums and ferns, the marriage of Miss Violet Madonna Ritenour, popular and attractive young Jamestown girl and Mr. Exley Earl Strong of Springfield formerly of Wilmington was solemnized at the First Baptist Church in Jamestown Tuesday evening at 7:30 o'clock.

The Rev. Robert Allbaugh, the bride's pastor, officiated at the service in which the single ring ceremony was used and seventy-five guests at the church, witnessed the nuptials. The bride, a pretty brunette, was lovely in a gown of white georgette and lace over white satin. Her flowers consisted of a shower bouquet of bride's roses, valley lilies and sweet peas.

Miss Cleo Hurley of Dayton, formerly of Xenia, acted as maid of honor. She wore pink crepe over satin and carried pink roses. Miss Mabel Walker, of Cincinnati, formerly of Jamestown and Miss Anna Turnbull of Jamestown were the bridesmaids. Miss Turnbull wore peach colored satin with silver lace and Miss Walker was gowned in orchid taffeta with silver lace. Each carried lavender chrysanthemums.

The best man was Mr. Chester

Swain of Wilmington and the ushers included Mr. Forest Hurley of Xenia and Messrs. Carl Brackney, Richard Fisher and Frank Skimmings, all of Wilmington. Preceding the service, a prelude of music was rendered. Miss Erma Strong, sister of the groom sang "To a White Rose" accompanied by Miss Helen Hurley. Miss Hurley also played "Yours", preceding the ceremony at the home of the bride's sister and brother-in-law, Mr. and Mrs. Howard Moorman, in Jamestown. Twelve members of the bridal party were seated at the bride's table, including Mr. and Mrs. Strong, Misses Cleo Hurley, Mabel Walker and Anna Turnbull and Messrs. Chester Swain, Forest Hurley, Richard Fisher, Carl Brackney, and Frank Skimmings and the Rev. and Mrs. Allbaugh.

A color scheme in pink was carried out in the decorations of the bride's table being centered by a large bouquet of pink roses in a silver basket and a bride's cake in which the time-honored articles were hidden.

Following the luncheon, Mr. and Mrs. Strong left immediately for their home in Springfield, where Mr. Strong is engaged in business. Mrs. Strong wore away a blue tailored poiret twill travelling suit with gloves and shoes of pheasant color.

Mrs. Strong has been a popular member of the younger society at Jamestown but more recently has spent most of her time in Dayton, where she was a city public school teacher. She has been spending her summers with relatives in Jamestown. Mr. Strong recently moved from Wilmington to Springfield to enter business.

Mr. and Mrs. Strong will be at home to friends soon at 1409 Woodward Ave. Springfield.

CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink, which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

ELECT OFFICERS OF AUTO CLUB AT MEETING TUESDAY

George Little was elected president of the new Greene County Automobile Club and 15 directors named at an organization meeting held Tuesday night.

The officers were elected by the 15 board members at an organization meeting immediately after board was named. Other officers elected by the board are Louis Allison, vice president; Dilver Belden, secretary and A. E. Faulkner, treasurer.

The nominating committee appointed last week, consisting of Louis Allison, Dilver Belden and P. B. Yockey, selected the names of 11 members of the board of directors which were submitted and elected to the directorate first. They were: George Little, H. L. Binder, C. R. Hinkle, E. H. Heathman, R. A. Kelly, Ed Ballard, of Jamestown; Ralph Wolford, of Cedarville; E. A. Oster, of Yellow Springs; W. B. McCallister, C. H. Little and J. A. Finney.

After the 11 new directors had been elected it was decided after a motion to increase the directorate to include 20 names. Four of the extra members of the board were added at once, including P. B. Yockey, Dr. A. C. Messenger, Dilver Belden and Louis Allison. The board was authorized to select the five additional members later.

The board, at its organization meeting instructed the president and secretary to purchase the necessary supplies and equipment to place the new club in immediate operation. A constitution and by-laws, submitted by J. A. Finney, attorney, were also considered and passed upon a Tuesday's meeting. The new regulations fix the annual membership fee at \$10 a year, which will include membership in the Ohio State Automobile Association and the National Motorists Association, with which the Greene County club is affiliated.

Discussion of plans for the future of the club, occupied considerable time at the meeting following the election.

LLOYD GEORGE WELL PLEASED WITH RECEPTION

Montreal, Oct. 10.—Gratified by the cordial manner in which his first address was received in Montreal, former Premier David Lloyd George of England today gave himself completely up to rest and recreation.

Warm bright weather sent the famous statesman early to the golf links where he enjoyed a round of his favorite game.

Lloyd George took lunch at the golf club, returning to his hotel in time to pack up for his journey to Ottawa, the dominion's capital.

No official functions are arranged for the Ottawa trip except dinner at government house. After dinner the Lloyd George special will leave Ottawa for Toronto.

SPECIAL SERVICES IN CATHOLIC CHURCH END ON TUESDAY

The Devotion of the Forty Hours at St. Brigid's Catholic Church, came to a solemn close Tuesday evening at 7:30 o'clock, with special ceremonies including a processional and the exposition of the Blessed Sacrament.

Fifteen visiting priests from near-by parishes, assisted the Rev. A. A. Burke, pastor, and took part in the impressive ceremonies that marked the close of the devotion. The period began Sunday morning at ten o'clock Mass, and was marked by prayer and devotion with two Masses each, Monday and Tuesday.

The services closed Tuesday night with solemn Benediction, of which the Rev. John Malone, of Hillsboro, Ohio, was celebrant, the Rev. David Powers, of Milford Center, deacon, the Rev. William Conroy, of Oxford, sub-deacon and the Rev. Father Burke, master of ceremonies.

Other priests present in the Sanctuary, who took part in the final devotions and in the processional of the Blessed Sacrament, were the Rev. Joseph Hyland, of Eaton; the Rev. James Ward and the Rev. James Wade, of Dayton; the Rev. Thomas Fogarty of Washington, C. I.; the Rev. Edward McGinty of Jamestown; the Rev. James Quinn, of South Charleston; the Rev. William Casey, of Urbana; the Rev. John McGlinchey of Springfield; the Rev. Father Schaw, of Yellow Springs; the Rev. Charles Ertel, of Wilmington; the Rev. Edward Stuhlmiller of Springfield and the Rev. Francis Cotter, of Marion.

The procession was led by a number of little boys as acolytes, garbed in red cassocks and white surplices, and each bearing a candle. They were followed by a band of 40 little girls, dressed in white and wearing white veils, carrying flowers. The children had been trained for the exercises by the Sisters of the parochial school.

The sanctuary was decorated with ferns and potted plants, and carnations, chrysanthemums and sweet peas, mingled with greenery on the altar, created a pretty scene under

SPAIN'S CITY GOVERNMENTS ARE ABOLISHED.

King Alfonso has signed a decree presented by General Primo Rivera abolishing city councils and city governments in Spain.

This marks a long step toward ridding the country of political grafters. Hitherto it had been impossible to find a councilman who had not acquired millions during his two years in office. Spanish politicians are on the verge of despair seeing their revenues being sliced away daily, but the people are overjoyed at the strict impartial measures of the new dictator.

The cost of living in the capital has diminished by more than 5 per cent since the entry into power of the directorate.

The Council of State has voted an extra allowance of 42,000,000 pesetas for the purpose of more extensive military operations in Morocco. Although the dictator has not clearly defined his policy in regard to the protectorate, it would appear that he believes Spain should conquer the Moors once for all. In this he is supported by the entire army and military classes.

Ambassador Moore expects to be able to persuade the Spanish Government to grant a six months' modus vivendi on which basis American exports would still benefit by the most-favored-nation clause of the expired commercial treaty. However, it is known that Spanish commercial and industrial classes are daily attempting to persuade the new dictator not to allow this, but to place American goods in the second column of the Spanish tariff. That would entirely please the British, and it is believed that not a little sterling is being contributed to combat the attempts of Ambassador Moore to protect the interests of his countrymen. On the other hand, Spanish importers of American goods and Spanish exporters to the United States are working hard in co-operation with the Ambassador.

If the modus vivendi is not granted to the United States by the dictator American goods will be under a great disadvantage and will be unable to compete with imports from Great Britain, France and Germany. That would be a severe blow to American trade and one which would take many years to retrieve.

HOW THE CANVASSER PICKS OUT THE TIME TO CALL ON YOU.

"Dark and rainy days," says a man who had rung many door bells, "are good selling days. People are usually at home, and they are not hurrying to get through with their work to get out. They are most likely to listen, because they want to be entertained. A few people are in bad humor on dreary days; but if they are out of sorts it is up to the salesman to supply the light and sunshine to chase away the gloom.

"A house-to-house man can keep working pretty steadily all through the week, an average of eight hours or more a day. He always has different types of families in his territory. When some of his less fortunate customers are elbow-deep in the Monday-morning suds, he can call at homes where they have laundresses. During the times the people in comfortable circumstances are likely to be out shopping, he can call on those who don't get out much.

"The best time for a visit depends on the kinds of people you are calling upon. A great many wives have to get their men off to work as early as six o'clock in the morning, and eight is by no means an unusually early hour. By that time the woman has her breakfast dishes out of the way and part of her cleaning done. Meal time is a poor moment to approach her, and if the salesman should happen to smell anything burning, he should go while the going is good. A person who has finished a good meal, however, feels like loafing for a short time and is generally in a good humor at this time. The customer is quite content to look over your stock and hear what you have to say."

THEY HAVE A CONSCIENCE.

Akron (Ohio) car riders have a conscience. They do not demand service at less than cost to the railway company even though the franchise, under which it operates, fixes at 5 cents the maximum that can be charged for a service now costing 5.7 cents.

A few weeks ago the railway company made the facts in the case known. It informed car riders they were receiving a service at less than cost and invited as many as were willing to drop an additional cent in the fare box. At first the request was little heeded. Only here and there did a passenger deposit the additional cent.

Now, however, after only a few weeks the situation has changed, according to the company reports. Instead of receiving but a few cents, an inconsequential sum in all, as it did at first, the company is now receiving a daily average of 21,000 additional pennies—enough, it is reported, to prevent a serious deficit from operation.

It is seldom that an American community is disposed to deal so fairly with a public service company. Its attitude has generally been to insist upon the letter of its contract, at whatever cost to the corporation and to the nature of the service it can provide. It is to be hoped that the Akron response to a legitimate request marks the turning point in the public's attitude toward all public service enterprises.—Editorial in Cleveland Plain Dealer.

A CARTOON THAT NEEDS NO WORDING

1903-- Twenty Years Ago--1923

The most important action taken by the city council at the regular meeting last night was that in reference to gas and electric light. The company is now engaged in changing to the new plant which has been constructed and the vile scent which has been pouring through the pipes for several days has caused a howl to go up in all directions. A committee of three was appointed to find some relief for this miserable

gas service. The ordinance committee and solicitor were directed to prepare an ordinance, regulating the price of gas and electric lights as furnished by the Peoples Gas and Electric Co., to the private consumers of the city of Xenia.

Mr. L. Steinfeld, a former Xenia business man, who is now located in Cincinnati, stopped in Xenia yesterday and remained over until today, greeting his Xenia friends.

"A Reader: Potato Flour Muffins: Mix four egg-yolks with two tablespoons of sugar, then stir in three tablespoons of cold water and three-fourths of a cup of potato flour sifted with one-half teaspoon of salt. Beat four egg-whites stiff, adding one teaspoon of baking powder to them just before they reach the stiff stage, and fold this into the stiff mixture. Turn the batter into well-greased pans and bake in a moderate oven for 20 minutes (at 350 degrees if you use a Fahrenheit oven thermometer.)"

Stir all together, then add the dry mixture above. Also add one cup of stoned dates cut small and one-half cup each of broken nuts and stoned raisins. Turn the mixture into well-greased pan and bake for one hour in a slow oven. Here is another

Railroad Dividends
-and
Taxes

LAST year the Pennsylvania Railroad System paid out more in taxes than in dividends. Out of every dollar received 4.35 cents was paid in taxes, while only 4.34 cents was paid in dividends.

In the year 1913 the total dividends paid to railroad stockholders were about two and a half times the total railroad taxes. In the year 1922 the taxes paid were 11 per cent greater than the aggregate dividends.

The cash dividends paid in 1913 totaled \$322,300,406 and the taxes \$127,725,809. Dividends in 1922 totaled \$271,576,000 and taxes \$301,003,227. In the ten-year period, 1913 to 1922, therefore, taxes increased about 135 per cent while dividends decreased about 16 per cent.

The increase in taxes is due in part to an increase of approximately five billion dollars in the property investment of the railroads between 1913 and 1922. But, while the total investment and value of railroad property devoted to public service during this period has increased about 33 per cent, and taxes upon the property 135 per cent, the total compensation to railway stockholders has decreased 16 per cent.

JUST GOT OVER A COLD?

Look out for kidney trouble and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what an Xenia woman says:

Mrs. Hannah A. Reed, 520 W. Sec 2nd St., says: "There were times when I stooped while washing that I got severe stabs of pain through my back, and I could hardly rise again, my back was so stiff. When I got up mornings I was lame and tired. My back throbbed in the morning just as if I had been pounded with a club. My kidneys were irregular in action and caused me annoyance. Colds settled on my kidneys and this started my trouble. About three boxes of Doan's Kidney Pills, which were highly recommended to me, relieved me of those pains in my back. My kidneys became normal and regular in every way."

AUTUMN

the palace gate."

I wondered all the summer long about a certain tree. It was a frail and twisted thing, and poor it seemed to be. Its handsome brothers jeered at it. The shapely maples sneered at it and towered above it in their pride and winked their eyes in scorn; I fancied I could hear them say: "That useless tree is in the way. 'Twere better for the woods we rule if it had not been born."

It lived, and yet it had no grace—I wondered why it grew. The weakest brother of its race, despised and lonely, too. And oft I thought: "This lovely scene Were fairer if that tree had been Cut down, so men would never know or see its sorry state. That twisted trunk, those branch- es bare. Destroy the landscape's splendor there; It is the beggar of the clan before And like the beggar, day by day I fancied I could hear it plead: "Alms! Alms of drink and food I beg. Pray give to one in need." But trees, like men, when they are strong Forget the weak and pass along; That ill-shaped tree in leafy rags no touch of friendship found. I watched it struggling to survive. At times I thought it scarce alive, But still it weathered storm and sale when mightier trees were downed.

Now autumn with its matchless paints has visited once more And, strange to tell, in scarlet stands the beggar at the door. That poor and twisted, helpless tree Which once was pitiful to see, Lends splendor to the distant scene, the fairest of the fair. And I who was a doubting man, Now see the purpose of the plan And understand that twisted tree and why God placed it there.

Today's Talk

An army may be ever so well trained and in the fittest of condition but without great leadership it is worse than whipped before battle. You may have a strong body. Your health may be perfect. Every one of your faculties may be in trim. But unless you have the power within you to take what you have and lead it to victories, you might as well be of the weakest.

There must be a conquering spirit behind your brain and body. It is not enough to imagine. You must will that imagination into deeds—into definite action.

Even you do not know the height to which you may aspire and then take hold of, until you have enveloped yourself with the conquering spirit and thrown everything upon the altar of achievement, determined that you shall be nothing less than the greatest of which you are capable.

They say that nothing great is ever accomplished without enthusiasm. But where does this enthusiasm come from? I'll tell you—from that conquering spirit of yours!

And this spirit is something that nothing can take from you, no one can rob you of, once you have taken it to personal ownership. It's yours, and you are somebody.

I heard of an interesting story the other day. A young woman was determined that she would become an actress. It had always been one of her dreams. And so she set out for the "great city." She became one of the long line of applicants at the doors of the theatrical managers.

But as she sat there, she thought. One by one the long line was dismissed. Then the manager appeared in his outer office and found this young lady there. Surprised, he asked: "And what are you doing here? You want a job, too?" "No, not exactly," she replied. "I knew that I had it in me, and so I came here to find out from you how to get the job!"

It is needless to say that she was engaged and later became a well known and successful actress.

That conquering spirit will do anything you feel it to. In fact it is you—or it isn't.

Haines, outfielder; Elmer Smith, outfielder; Herbert Knott, pitcher; Fred Hofmann, catcher; Robert Meusel, outfielder; George Herman ("Babe") Ruth, outfielder; Walter Pipp, first baseman; Joe Dugan, third baseman; Sam P. Jones, pitcher; Everett Scott, shortstop; and Ben Shields, pitcher. In

the middle row, left to right, are: Leslie A. Bush, pitcher; Robert Shawkey, pitcher; Lawton ("Whitey") Witt, outfielder; Coach O'Leary, Manager Miller Huggins, Walter Schang, catcher; Carl Mays, pitcher; Aaron L. Ward, second baseman; Oscar Roettger, pitcher. In the bottom row, left to right, are: Ernie Johnson, infielder; Bernard Bengough, catcher; George Pipgras, pitcher; Mascot Bennett, Mike J. McNally, infielder; Mike Gazella, infielder; and Harvey Hendricks, outfielder.

WESLEYAN BEGINS OHIO CONFERENCE SEASON SATURDAY

Delaware, Oct. 10.—Handicapped by minor injuries to a number of players the Ohio Wesleyan football team will open its home schedule Saturday with what is expected to be a hard fought game against Ohio Northern. The contest is regarded here as a test of the Ohio Conference championship possibilities of the Methodist eleven.

Northern will bring to Delaware Saturday what appears to be the best team the Ada school has turned out in many years. Northern and Wesleyan seem well matched in weight while the two teams boast a number of the fastest backfield men in the conference.

While no Wesleyan players are out with serious injuries the work of the team will be handicapped by the battering which as usual they received against Ohio State's heavy players in the opening game.

Wesleyan fans hope the Methodists to win by a narrow margin after a closely-contested game. Such a victory will start Wesleyan fans and players on the trail of another Ohio Conference championship.

FIRE IN FREIGHTER'S HOLD
San Francisco, Oct. 10.—The freighter Stanley Dollar, which sailed from here Oct. 6 for Batavia via Yokohama, sent in a radio report to the effect that fire had broken out in one of her holds, but that the vessel was not in any immediate danger.

Keeping Millions Free From Colds and La Grippe

W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and la grippe remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Cascara Bromide Quinine.

The formula has never been changed in a quarter century. What Hill has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All druggists, 30 cents.

JOYFUL FAMILY REUNION

"Two of my brothers, a sister, as well as myself have been chronic sufferers from gas in stomach, indigestion, pain in right side near appendix and liver trouble for many years. My sister tried May's Wonderful Remedy with such good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by Sayre and Hemphill and Druggists everywhere.

COURT NEWS

Two Seek Divorce

Minnie Hough charges her husband, Ross Hough, with extreme cruelty and wilful absence for more than three years in her petition for divorce filed in Common Pleas Court. The couple was married September 22, 1899, at Jamestown.

Emma L. Parker charged Oscar Parker with fraud in her petition for divorce. She declares she married Parker March 17, 1921, under the impression he was a single man but that he had a wife living at the time. Later the petition declares, he was arrested for bigamy and indicted May 2, 1921. On his plea of guilty he was sent to the Ohio Reformatory. The petition says he was the husband of Margaret Slusher Parker. The plaintiff wants divorce and restoration to her maiden name of Emma L. Toms.

Bus Case Appealed

The fight between the City of Xenia and the operators of interurban busses, has reached Common Pleas Court with the filing of a petition in error against the City by Clarence Stoner, owner of a Dayton and Xenia line, on appeal from Municipal Court.

The petition declares the plaintiff in error was found guilty and convicted before Municipal Judge E. D. Smith August 30, 1932 for using and occupying the streets of Xenia with motor busses without first obtaining a license, contrary to Ordinance No. 198.

In appealing, the bus owner declares the Municipal Court erred in overruling its motion for a new trial; in overruling a motion of the defendant to quash the affidavit; in overruling a demurrer to an affidavit filed by the defendant in error, in admitting evidence offered by the city to which the defendant objected; in ruling out evidence offered by the defendants; in that the judgment should have been for the bus owner; in overruling a demurrer to the evidence and a motion to discharge the defendant; in that the findings, judgment and sentence of the Court were against the weight of evidence and other errors.

The plaintiff in error wants the judgment reversed and the sentence held for naught.

A. J. Halleran of Dayton and Smith, Rogers and Smith of Wilmington, represent the plaintiff in error. City Solicitor J. A. Finney is prosecuting the case.

Divorce Is Granted

Emily Leasure has been granted a divorce decree from Herman Leasure in Common Pleas Court on the grounds of gross neglect of duty.

Case Is Dismissed

In the case of G. F. Brickel against J. H. Smith and others the claim has been fully satisfied and the action dismissed from Common Pleas Court without record.

Writ Is Refused

In the case of The State of Ohio in the matter of Ham Fields, against The Deputy State Supervisors and Inspectors of Elections of Greene County the Court held the relator was not entitled to the writ and the petition was dismissed. The petitioner sought to have his name placed on the Sugar-creek Twp. school board ballot.

Plaintiff Gets Judgment

John T. Harbino Jr., has been awarded a judgment in Common Pleas Court against G. H. Logan, and others, in the sum of \$109.68.

Two Go to Hospital

Two commitments to the Dayton Hospital have been ordered by Judge J. C. Marshall in Probate Court following lunacy hearings. They are Julia E. Croity and Philipina Sabini.

Administratrix Named

Margaret Strebel has been named administratrix of the estate of William L. Strebel, late of Xenia, in Probate Court and furnished \$1,200 bond.

No Tax Will Be Due

No inheritance tax is due on the estate of J. Earl Andrews it has been determined in Probate Court. The gross value of the estate was \$4,643.25 and the debts and costs of administration \$4,339.43 leaving a net estate of \$303.82, each succession being less than the exemption allowed by law.

MONEY

AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

HIS FIRST TWO INVESTMENTS

1. SAVINGS ACCOUNT

2. CHECKING ACCOUNT

A PROSPEROUS MAN

The first two investments ought to be: (1) a savings account, (2) a checking account.

No one ever tries to build a house without starting in with a good foundation. To start into the investment field with a good foundation the first two investments ought to be: (1) a savings account, (2) a checking account.

Why? In the first place it requires money to invest. How are you going to accumulate that money? The most logical place is the savings account. While the money is accumulating in the savings account it wouldn't be had idea to learn something about investments.

In addition to the convenience of a checking account, you gain in two ways by keeping a large enough balance to enable your account to be profitable to the bank. You have a reserve fund in case of emergency, and the good will of the bank is gained. Banking is on a fifty-fifty basis, so the bank will be willing to help you.

Two of the biggest sources of loss to the average investor come from jumping in before he has the money and neglecting to have a reserve fund to pull out of a hole.

By investing first in a savings account and then in a checking account you dodge both of these losses.

SPECIAL REPORT BLANKS GIVEN TO SCHOOL CHILDREN

Special report blanks were given all Xenia public school students to take home and show their parents Wednesday, according to C. A. Waltz, superintendent of schools.

Pupils whose work has been unsatisfactory were given slips indicating this fact and the teacher's reason for the condition. Pupils whose work has been good or excellent, were given slips so indicating while those whose work was satisfactory received no slips.

Parents are advised by the superintendent that if their child does not bring home a slip, it will be to their interest to call the principal of the building which the child attends and learn the situation. Last year pupils who received slips indicating that their work was unsatisfactory sometimes failed to take them home, according to Mr. Waltz.

Teachers will welcome inquiries of parents regarding the standing of their children, says Superintendent Waltz. Parents may either call by telephone or personally and thereby show an interest in their children's school welfare. School authorities are glad to co-operate with the parents, but if this interest is not taken until the child's failures have gone too far, there is little that can be done, it is said.

If a child receives a deficiency slip and fails to bring it home, teachers cannot accept the responsibility, and it is for this reason that teachers invite inquiries from parents regarding the pupil's work. All teachers and principals are ready to talk to parents about the school progress of their children and thus create a closer connection between the school and home.

Superintendent Waltz is urging a closer co-operation between the school and home for the good of the children, and suggests the use of the telephone where personal calls are impossible. The regular grade cards will not be issued until November 15, it is announced.

POLICE AUTO IS MOST EXPENSIVE WAY TO RIDE

Chartering a sea-going taxi for the evening and riding around to the music of the ticking fare meter, is considered the acme of spending money in some sections.

Chief of Police M. E. Graham, however, contends that riding in the trick new Ford touring car owned by the City for the Police Department, is the most expensive known form of travel in the city.

Chief Graham bases his claim on the assertion that it has cost all passengers to date from \$5 to \$500 to ride in the Police car. Police operate the car and when they pick up a fare or two, Judge E. D. Smith generally writes the ticket in Police Court the next morning.

Ernest Haines, 38, colored who rode from a point on East Market street to Police Headquarters in the new flivver Sunday morning, found out the meter read \$500 and costs Tuesday morning.

SCHOOL DRIVERS MUST BE LICENSED

All drivers of school trucks and wagons, who have not already secured drivers' licenses are called to meet at the County Board of Education rooms in this city, next Saturday, October 12, from 8:30 to 11 o'clock. The purpose of the call is to examine and certify all those who are engaged in transportation of school children under Section 7731-3 of the General Code of Ohio Laws.

This law provides that no one shall be employed as a driver of a school wagon or motor van who has not given satisfactory and sufficient bond, who is not of good moral character, who is not at least 18 years of age, (certificate may be issued to a high school boy at least sixteen) and who has not obtained a drivers' certificate signed by the County Board of Education and County Superintendent of Schools. No contract would be legal and valid until the above provisions have been complied with.

LOCAL CONTRACTORS GET CLEVELAND JOB

The Loyd Contracting Company, of this city, has been awarded the contract for installing a huge water distribution system in the village of Willoughby, near Cleveland, along Lake Erie.

The contract was let Monday by the county commissioners of Lake County, in which the district lies, and calls for about \$150,000 worth of work. The Xenia Company expects to start the work immediately with the intention of finishing in six months.

The contract calls for ten miles of water mains in a new sub division outside the village of Willoughby, which is being prepared for residential development. Part of the piping will be 12-inch mains along the main proposed street, and the entire distribution system will tie up with the village water works in order to supply the new district with water.

Equipment of the Loyd Company is now being rushed to Willoughby to start the work and James H. Loyd, president of the company, will go to the village soon to assume personal charge. E. S. Davidson, secretary and treasurer, was in Willoughby when the contract was let from a number of bidders Monday.

AMILD Laxative DIAMOND PILLS Never Gripe

A WIFE'S STORY

By Jane Phelps

Synopsis of Preceding Chapters

Ruby Atkins marries Paul Norwood, who has already dissipated a fortune. Born to money, he can't get along without it. There are two children, Joan and Laura. Though Ruby discovers her husband is egotistical, not dependable, she never ceases to love him. Paul introduces Dave Logan, a man with an unsavory reputation, whom Ruby comes to regard as their best friend. Norwood leaves his wife for five years during the war. Ruby struggles alone until his return. Logan reappears and Paul refuses to give Ruby his confidence, when things begin to go better financially. Joan also gives Ruby grave cause for anxiety. Paul and Dave Logan rail at prohibition. Dave sows the seeds of distrust in Ruby's mind and eventually makes love to her. Ruby is distressed but thinks him unaccountable because intoxicated. Paul buys a house in the country and plans for a dock and boat.

SHIPS THAT PASS IN THE NIGHT

Chapter XLIX

Both Dave and Paul seemed a bit annoyed that I had interrupted them, but I pretended not to notice and began to talk about the house, the dock Paul had planned to build and so forth. "We shall be very happy here," I said. "Especially if Paul can be at home more than he has been lately. His being away so much is the only fly in my ointment."

"Some people are never satisfied," Paul said sharply.

"You surely don't blame me for wanting your society," I laughed. But nothing I could say relieved the constraint that had come over them upon my appearance and I was glad when Dave said he must get back to town. Paul accompanied him to the station. "To finish their argument," I said to myself.

The Best Cough Syrup is Home-made.

Here's an easy way to save 25¢, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. on so calm a night. I had always associated them with danger. When Paul came to bed an hour later I was still awake and told him what I had seen. He went to the window and stood there for a long time but said nothing.

In the morning after we had finished breakfast and the girls had left us alone he said:

"We will take the guest room for ours, Ruby, and keep the rear one for visitors. Have the furniture changed today."

"But that room is much larger and you choose it as ours," I told him mystified.

"Well, I've changed my mind. I prefer the other one and you can put a single bed in the small room adjoining. When I am restless you can occupy it and won't disturb you."

I loved the big rear room overlooking the water, had taken great delight in arranging it. I tried to argue with Paul, tried to make him understand how disappointed I was that he wanted to change, but it was useless. And finally I desisted, but not without a sigh.

In spite of myself a thought that he had some ulterior motive in insisting upon the change came to me. The front room was smaller, less desirable in every way. It was not like Paul to

take the second best for himself. But after he left town I superintended the removal, hushing the girls as best I could.

Telephone Trouble Causes You Inconvenience

Here's How You Can Help Prevent It

DO not "bang" the receiver on the hook nor handle the telephone roughly. There are more than 200 parts to the instrument, some of which may be shaken loose.

Do not place wet coats, umbrellas, mops or other damp articles near the telephone or on the cords. Dampness may make the line "noisy" or put the telephone entirely out of order.

In case of trouble we are generally the first to know it, but if at any time your telephone does not work properly, please report it to our "Repair Clerk".

Although you do not see a man working on your telephone, you may be assured that your report is receiving attention. The trouble may be at the central office or somewhere along your line.

Telephone troubles impair the service for every patron and our first consideration is to clear them as promptly as possible.

GIANTS BEAT YANKS THREE HURT AS HOME DYNAMITED

IN OPENING GAME 5-4

Yankee Stadium, N. Y., Oct. 10.—Stengel hit a home run in the ninth inning to the center field fence, winning the game for the Giants, 5 to 4.

Yankee Stadium, N. Y., Oct. 10.—Hits and runs galore with several swift double plays and some nest stops, furnished plenty of baseball in the initial game of the World Series here this afternoon between the Giants and Yankees in which the teams were running neck and neck at 4 to 4 in the eighth stanza.

The Yankees scored first in the initial inning Witt filed out, but Dugan walked. Ruth grounded to Groh forcing Dugan but R. Meusel doubled, scoring Ruth. Pipp filed out. The Yanks added two more in the second. Watt singled to left and Schang singled to center. Scott sacrificed, advancing the runners, both of whom scored after Hoyt fanned when Witt singled to center Dugan was tossed out.

The Giants forged ahead in the third. Kelly singled and Gowdy walked. Bentley batted for Watson and singled, filling the bases Bancroft forced Gearin, who ran for Bentley while Kelly scored. Groh tripped to right scoring Maguire, who ran for Gowdy, and Bancroft. Frisch singled to right, scoring Groh.

The Yanks tied the count in the seventh. Bush singled. Witt filed out but Dugan tripled to right scoring Bush. Ruth grounded and Dugan was caught at home and R. Meusel fanned. McGraw lifted Watson in favor of a pinch hitter in the third and Roste Ryan replaced him to start the fourth. When the Nationals started their hitting spree in the fourth Hoyt was lifted in favor of Bush.

The lineups—Giants—Bancroft, ss; Groh, 3b; Frisch, 2b; Young, rf; E. Meusel, lf; Stengel, cf; Kelly, 1b; Gowdy, c; Watson, p. Yankees—Witt, cf; Dugan, 3b; Ruth, rf; R. Meusel, lf; Pipp, 1b; Ward, 2b; Schang, c; Scott, ss; Hoyt, p.

McGraw changed batteries in the fourth, Ryan and Gowdy taking up the burden. Bush replaced Hoyt for the Yankees in the third. The umpires—Evans, home plate; O'Day, first base; Nallin, second base; Hart, third base. Attendance—55,000. More than sixty thousand, who cannot seem to take their bromide or let it alone sat in this afternoon for the 1923 premier of the annual nuisance, otherwise known as the world's series between the Giants and Yankees. The crowd broke all records for single game attendance at the post season classic, thus confounding volunteer ballplayers who declared in advance that New York's interest if any, had grown tepid.

THE SCORE BY INNINGS

Team	1	2	3	4	5	6	7	8	9	R	H	E
Giants	0	0	4	0	0	0	0	0	1	5	8	0

CROWDS STAND ALL NIGHT TO SEE GAME

BY DAVIS J. WALSH.
New York, Oct. 10.—In the dark, chill breezes of early morning, men waited today beyond the strangely silent doors of a great stadium with a patience usually given only to those who see the end of one world and the beginning of another. They did not wait for the coming of the millennium nor the equal division of the riches, health and happiness.

They waited for the opening game of the 1923 world's series, beginning

this afternoon at the Yankee stadium at 2 o'clock and they nodded in mute approbation of a warm, round sun on the eastern skyline because it meant that the Giants and Yankees would begin their third meeting in as many years under the auspices of favorable weather. Many of them had been there since long before midnight. They are intelligent men under ordinary circumstances.

Apparently, the present occasion is thought to be far from ordinary although both clubs have made an annual business of the thing since 1921. The men who waited were there to occupy their choice of the unreserved sections when the gates were opened at 10 o'clock. The reserved seats in the stadium were sold out long since, indicating that a crowd of more than 63,000 would view the opening game, the largest by many thousands that ever attended a world's series contest.

The series in fact, is expected to break all records in attendance and financial proceeds. The competitive end of the business sits upon the knees of chance.

In two consecutive series, the Giants have knocked the Yankees round shouldered and made it look quite official. Even money now says that they will do it again, although odds of 6 to 5 favored the Yanks until twelve hours before the game with the possibility that the American League entry may slide into the short end before Judge Landis throws out his chest and the first ball this afternoon.

In two consecutive series, John McGraw, an unseen chess master, operating his pawns from the dugout has made his pitchers confound Babe Ruth, the arch slugger. But Ruth has just completed his greatest season in the major leagues and may decline to be confounded. The interest in this little byplay—mind over matter, or vice versa—is intense.

STOKES TESTIMONY CREATES UPROAR IN DIVORCE HEARING

New York, Oct. 10.—A terrific uproar was created in the courtroom today when Elmer E. Henshaw, a chauffeur, testified in the trial of W. E. D. Stokes' suit for divorce from his pretty wife, Helen Elwood Stokes, that he and his mistress had been "improperly friendly."

Henshaw was formerly employed by Mrs. Stokes. He also testified that at least six occasions, he had driven the pretty defendant to the "love nest," alleged to have been maintained by Wallace, the co-respondent named by Stokes.

No sooner was this amazing statement made than pandemonium broke loose in the court.

Mrs. Stokes leaped to her feet, screaming: "You lie! You lie! You dirty chauffeur!"

Mrs. A. S. Miller, of Denver, mother of Mrs. Stokes, also leaped to her feet and attempted to attack the witness physically.

Miss Ruby Reed, 22, New York City artists' model and former member of the Scandals chorus, has filed suit for \$50,000 damages she alleges she received while motoring with Ben Shinkman.

WALTON MAKES NEW PROPOSAL TO LAWMAKERS

Will Resign if Legislature Passes His Anti-Klan Measure

Oklahoma City, Oct. 10.—Governor J. C. Walton has offered to resign if the legislature which meets Thursday will pass an anti-Ku Klux Klan law of his dictation.

The governor made his purpose known in a lengthy official statement. His proposed law would lay heavy penalties upon masked parties and prescribes certification of all secret society memberships with county clerks annually.

Members of the legislature, most of them opponents of the governor, indicated when they learned of the governor's proposal that it would not be accepted.

In his statement the governor said in part: "If this proposition is not accepted and the Klan members of the legislature, who are in a majority in both houses, as I am informed, undertake impeachment first and then promise to pass an anti-Ku Klux Klan law now being prepared at the headquarters of the invisible empire at Atlanta, Ga., I will have something more to say to the people of this state as to how we must proceed to protect ourselves from this organization of masked marauders, who have practical control of the judiciary and police power in the principal cities of the state."

The Skirvin hotel lobby was crowded with solons here for the special session of the legislature when Alrich Blanke, counselor to the governor, appeared and communicated the governor's proposal. There was only a ripple of excitement.

FRENCH REJECT EIGHT HOUR DAY

Berlin, Oct. 10.—General DeGoutte, commander of the French army of occupation in the Ruhr, has rejected Hugo Stinnes' request for suspension of the eight-hour work day and other ameliorating labor measures in territory held by the French, according to information received today from Dessdorf.

German officials were deeply disappointed over the refusal of Belgians and French to enter into direct negotiations with Germany. They contended that the government is doing everything possible to restore normal industrial and mining conditions in the Ruhr.

EARTHQUAKE REPORTED

Sydney, Australia, Oct. 10.—An earthquake disturbance, believed to center in the North Malay archipelago was recorded today by the observatory seismograph.

BIG FOREST FIRE IS STILL RAGING

MICHIGAN TOWNS SURROUNDED BY WALL OF FLAME

Many Square Miles if Timber Land in State Ablaze.

Ontonagon, Mich., Oct. 10.—A wall of forest fire surrounded Ontonagon during the night.

Panic seized the people. Women and children tramped through the smoke-filled streets in fear. The men battled all night with the approaching flames.

Sixty square miles of timber land in this county alone are on fire. In Ontonagon every foot of fire hose has been laid and volunteers are keeping roofs wet as sparks shower from the sky.

At Greene, seven miles west of here, 12 houses have been burned. The village is threatened and the population has fled to open farming country. Refugees are housed in schools and barns.

Many logging and hunting camps and farm houses were destroyed throughout the district. Reports from Houghton said flames were nearing that place and lake summer resorts were in danger. Several cottages were destroyed at Twin Lake. Fire wardens said the forest fires threaten to be most destructive in recent years.

Superior, Wis., Oct. 10.—The northwestern wooded territory was threatened today by the most serious forest fires that have visited the section since 1918. Superior was practically hemmed in but not in danger. Smaller towns nearby, however, were menaced.

Navigation on Lake Superior was severely hampered due to dense clouds of smoke which made the air thick. Freighters were keeping fair off shore. The North Lake, a large boat, ran ashore, but was pulled off by cutters. Captains reported they were able to see only about 300 feet ahead of their ships.

Prospects of halting the flames were disheartening. Forecasts were for fair weather. A heavy rain would be necessary to quench the flames.

RUSSIA WATCHING GERMAN TROUBLE

Berlin, Oct. 10.—Russian Bolshevik leaders are watching developments in Germany with glad anticipation. Both Trotsky and a sister of the sick premier, Lenin, have sent congratulations to the Rote Fahne, communist newspaper, on its reappearance after being suppressed for a week.

Ulianoff, Lenin's sister, writes: "Now comes the hour of decisive battles. The Rote Fahne has always been the best organizing force for the revolutionary movement in Germany."

Trotsky writes: "Madness and chaos reign in Europe. Three southern peninsulas are officially in the hands of the fascists. French militarism aims to strangle the German nation. But when one sees a new number of the Rote Fahne one feels that the German public are represented and are alive and able to find the way to the future."

NEW RULING ON DRY LAW GIVEN

Columbus, Oct. 10.—According to a ruling by the Ohio supreme court one needs only to "believe" another person is violating a prohibition law to get an affidavit. Actual knowledge of fact is not necessary to secure a raid on a person's premises, the decision holds.

The marshal of Milford, O., told the mayor he "believed" but had no certain knowledge that William Abt was violating the dry laws. The marshal then made an affidavit to that effect, but gave no positive reasons for his suspicion. A search and arrest of Abt followed.

Abt was fined \$1,000. He appealed to common pleas court that the affidavit was faulty. Common pleas court reversed and found for Abt. The state won in court of appeals. Abt then appealed to the supreme court.

POINCARÉ REJECTS PROPOSAL

Paris, Oct. 10.—Premier Poincaré today flatly rejected the German proposal for a French, Belgian and German commission to settle the Ruhr problem through direct negotiations. It had previously been rejected by Belgium.

COLLEGE PROFESSOR DECLARES FAMOUS REMBRANDT PAINTING IS SPURIOUS

Old woman cutting her nails. Above is the famous painting 'Old Woman Cutting Her Nails,' hanging in the Metropolitan Museum of Art in New York and attributed to Rembrandt. It is the best of the 17 paintings in the museum which are attributed to the famous master.

Prof. John C. Van Dyke, of Rutgers College, after a study of 50 years now declares not one of the paintings is by Rembrandt, adding there is not an original Rembrandt in America. The museum authorities deride his statement.

CHARGE STINNES ATTEMPTED TO WRECK NEW GERMAN CABINET

Berlin, Oct. 10.—Hugo Stinnes conference with General DeGoutte, French commander in the Ruhr and the resultant "questionnaire" submitted to the government by the Stinnes' group of industrialists, was a bold attempt to wreck the coalition cabinet, it was charged here today.

The crux of the "questionnaire" was a demand for a 10-hour work day and cancellation of all demobilization decrees. By virtue of these decrees, millions of ex-soldiers are carried on the payrolls of industrial plants, although they are doing a minimum of work.

Stinnes said that no socialist minister could accede to his demands but he evidently hoped to create dissension in the cabinet. The industrial magnate had been led to believe by clever French "feelers" that all he had to do to pave the way to a settlement which would save the Ruhr from complete French exploitation was to take this

SAYS GOVERNMENT MUST AID FARMERS

Cleveland, Oct. 10.—"Millions of dollars of farm mortgages, the hard earned dollars of city workers, are in a perilous investment because the wheat growers' dollar has shrunk to about five cents and his taxes, interest and expenses are just what they used to be or more," Benjamin C. Marsh, managing director of the Farmers' National Council of Washington D. C., declared here today. Marsh has just returned from a three months' trip to fourteen wheat and cotton growing states.

"Banking examiners in several western states," Marsh continued, "are not strictly enforcing banking laws, because they do not want to close any more banks."

There is only one way out and that is for the government to help farmers through a government marketing corporation to get a fair price for their products until they can pay off their debts in the same dollars in which they were contracted. Any other course is dishonest and extending more credit is merely indirect dishonesty."

FEWER BIRTHS IN OHIO IN EARLY PART OF YEAR

Columbus, Oct. 10.—The federal census bureau announces that the birth rate in Ohio for the first quarter of this year was 20.9 per 1,000 of population as against 21.3 for the same period last year. The death rate was 15.6 for each 1,000 population during the first three months this year as against 13.8 for the same months last year. The death rate, also, was much higher than 19.5, the adjusted rate for all of 1922.

RESIDENCE OF TOWN MARSHAL IS DESTROYED

Village of Smithfield, Near Steubenville, O., Awakened by Blast.

RESULT OF GRUDGE

Wife of Official Believed to Have Sustained Broken Back.

Steubenville, O., Oct. 10.—The residence of Charles Pearce, marshal of the village of Smithfield, this county, was dynamited at four o'clock this morning and completely demolished. Pearce, his wife and child were badly injured. Mrs. Pearce is believed to have sustained a broken back.

The village was rocked by the blast. Dynamite, placed under the front door of the Pearce home, blew the house off its foundation, its sides caved in and the roof fell through to the first floor.

Pearce and his family were sleeping in the front room on the second floor and were hurled from their beds, through the floor and fell in a heap amid the wreckage of their home. The wreckage caught fire and was partially destroyed before village firemen could extinguish the flames. Neighbors hurried to the Pearce home and assisted in extricating Pearce and his family from the wrecked building.

County authorities investigating the bombing this morning, are of the opinion that the dynamiting was done by an enemy of Pearce, probably some one who was prosecuted for liquor violation.

JUDGE MAY NAME RECEIVER FOR D. & X. TRACTION COMPANY

Dayton, Ohio, October 10.—That a receiver for Dayton, Springfield and Xenia Traction Company will be appointed by Judge Smith Hickenlooper, of the Cincinnati Federal Court, if satisfactory appointment of a receiver cannot be effected by the parties concerned, was indicated in a memorandum filed in the United States District Court here by the Cincinnati judge.

It was indicated that T. A. Ferneding, Vice President and General Manager of the company, will receive endorsement for the receivership, having the approval of at least two-thirds of the stockholders.

In a statement filed in the Federal Court, Ferneding declares that the lines of the railway are in excellent physical condition. He cited the physical assets of the company at \$916,409.11 as against an indebtedness of \$465,900 exclusive of \$500,000 in bonds held by the First Wisconsin Trust Company. Ferneding says that for several months motor bus competition has detracted from the profits of operation and has led to the default in payment of interest on the bonds held by the Wisconsin Trust Company.

However, officials of the company hold the opinion that the property is sound and is capable of successful operation on a basis that will protect the interests of the stockholders and provide for the continued operation of the line at a profit.

KNIGHTS TEMPLAR WILL HOLD PARADE

Columbus, Oct. 10.—More than 8,000 plumed Knights Templar from 78 commanderies throughout Ohio are expected to march this afternoon to the music of 33 bands in the parade which is the feature event of the 81st annual convocation of the Grand Commandery of Ohio. The convocation formally opened with an address of welcome by Governor Donahey at 10 o'clock this morning. The convocation will last through Thursday.

Many women accompanied their husbands to the annual meeting. The governor's wife entertained visiting ladies with a reception at the governor's mansion this morning.

Bank Cashier Held When Institution Is Closed

Erie, Pa., Oct. 10.—The Citizens Bank of Albion, Erie County, was closed this morning by State Bank Examiners. A shortage of \$77,000 has been found in the bank.

Ralph J. Griswold, cashier of the bank, has been taken into custody on complaint of State Bank Examiner Beckman, charged with being responsible for the shortage.

XENIANS ATTEND SOCIETY MEETING

A number of Xenia women attended the thirty-fourth annual meeting of the Springfield District, Dayton Presbyterial Society of Missions, held Wednesday, in the Yellow Springs, Presbyterian Church.

Miss Florence White of Clifton is president of the district, which is composed of the four churches in Springfield, and churches in Xenia, in New Carlisle, Yellow Springs, South Charleston and Clifton.

The morning session opened at 9:30 with devotionals, by Mrs. Robert N. Coleman, of Clifton. Mrs. A. C. Messenger, of this city, gave the minutes followed by ten-minute reports from the Presbyterial secretaries. Mrs. E. F. Babb, of Springfield, gave the synodical report. The open conference and question box was conducted by Miss Nan B. Williams, Dayton. Luncheon was served at noon.

Mrs. R. S. Jacoby of Yellow Springs, had charge of the devotionals at the opening of the afternoon session. "Young People's Work" was the subject of a talk by Miss Elizabeth Ricks of Springfield. Mrs. Kennedy, and Miss Ching-Tanghi, of China, gave missionary addresses. Mrs. Earl Littleton, of Yellow Springs sang a solo. The meeting was closed by benediction by the Rev. Joseph Bartlett.

Health Hints by the Father of Physical Culture

It is doubtful whether any question connected with the regaining or maintaining of health has aroused so much interest and attention during the past few years as has the subject of fasting. It has been discussed pro and con, enthusiastically presented and endorsed, and as vigorously abused and condemned. As a rule, medical experts have said little or nothing in its favor, and even those passages in medical works which might possibly be construed into favorable comment, have been explained away or whitened down so that they could no longer give comfort to the believers in the doctrine.

It is well before I proceed to a presentation of this subject to define the true meaning of the word "fasting." To fast is totally to abstain from food, either liquid or solid. This does not exclude the use of water. But absolutely nothing else, either liquid or solid, can be used in a true fast as its advocates understand the term. A partial fast, therefore, is no fast at all. The term may be used for convenience sake but is, in the opinion of one who has studied the matter with them, when he does the latter he cannot be said to be doing the former.

The first time the idea of the benefits of fasting occurred to me was when in my eager search for some natural cure of disease, I turned to the lower animals. I remember well the course of reasoning that my youthful brain followed. I said to myself: "Here am I, struggling to attain health. I am supposed to be a creature of superior intelligence, yet my efforts seem to be vain, while the dog and the horse, the wild animals and the wild birds, seem to be healthy and strong all the time, knowing nothing of the diseases which make life so miserable." Then it was that I observed that, when there was anything the matter with them, they abstained from food, and it was this fact that led me a little later, when I was attacked with pneumonia, to have the courage to go without food.

The animals do not desire food when they are sick. Their unperverted instincts lead them to refuse it, even though it is urged upon them by the higher (?) animal, man. As I further studied disease, with this great fact from the animal world in my mind, I soon saw that when we were sick we revolted at food just as the animals did.

The logic of the situation then became inexorable, and the whole matter resolved itself into the following simple propositions: When animals are sick, they refuse food. As soon as they are well, and not before, they begin to eat.

YELLOW SPRINGS

The Ku Klux Klan held a meeting Wednesday evening in the Opera House. Rev. Middleton of Xenia made the address. C. C. Woodward, county organizer was present and received a number of applicants for membership.

Mrs. W. C. Marshall has gone to Evansville, Ind. to attend the annual conference on tuberculosis held in that city week.

Miss Lena Carter of this city and Mr. Charles Taylor of Springfield, were quietly married Saturday in Springfield by Rev. A. B. Kendall. Miss Carter is the daughter of Mrs. Lucile Carter. Mr. Taylor is employed in the railroad yards where he is inspector of cars. Mr. and Mrs. Taylor left on a honeymoon trip to be gone till the fifteenth when they will return and go to housekeeping in Springfield.

The marriage of Miss Glenna Pultz and Mr. Wilbur Fink of Springfield, was performed at the parsonage of Rev. W. A. Whitmer, Wednesday evening. The couple was attended by Mr. and Mrs. E. S. Bailey, grandparents of the bride, who celebrated the sixty-second anniversary of their marriage Wednesday. Mr. and Mrs. Fink went immediately to Springfield where they will reside. Mr. Fink is employed on the Springfield and Xenia Traction.

An all day meeting of the Springfield district of the Dayton Presbyterial Society of Missions will be held Wednesday in the Presbyterian Church. The morning session will begin at 9:30 with devotionals by Mrs. A. N. Coleman of Clifton. The afternoon session will begin at 1:30. Mrs. Jacoby will be in charge of the devotionals. A missionary address will be given by Miss Ching

of China. The public is invited to attend these meetings.

The Women's Foreign Missionary Society of the Methodist Church will hold their regular monthly meeting Thursday afternoon with Mrs. J. M. Goode.

Mr. and Mrs. W. N. Mantle went to Louisville Ky., Friday to visit Mr. Mantle's brother. They returned home Monday.

Mr. and Mrs. Alpha Glass of Michigan are visiting his mother Mrs. Phoebe Glass.

Miss Elizabeth West has returned home after a week's visit with relatives in Washington D. C.

Mrs. G. W. Colow of Washington D. C. spent the past week with her daughter, Mrs. A. H. Finley.

Mr. and Mrs. William Bohlander and little daughter of Springfield were the guests of Mr. and Mrs. Willis Grove the past week.

Miss Margaret Brewer of Springfield spent Sunday with her brother C. A. Brewer and family.

SOCIETY

STRONG—RITENOUR
NUPTIALS TUESDAY

Before an altar decked with pink chrysanthemums and ferns, the marriage of Miss Violet Madonna Ritenour, popular and attractive young Jamestown girl and Mr. Exley Earl Strong of Springfield formerly of Wilmington was solemnized at the First Baptist Church in Jamestown Tuesday evening at 7:30 o'clock.

The Rev. Robert Allbaugh, the bride's pastor, officiated at the service in which the single ring ceremony was used and seventy-five guests at the church, witnessed the nuptials. The bride, a pretty brunette, was lovely in a gown of white georgette and lace over white satin. Her flowers consisted of a shower bouquet of bride's roses, valley lilies and sweet peas.

Miss Cleo Hurley of Dayton, formerly of Xenia, acted as maid of honor. She wore pink crepe over satin and carried pink roses. Miss Mabel Walker, of Cincinnati, formerly of Jamestown and Miss Anna Turnbull of Jamestown were the bridesmaids. Miss Turnbull wore peach colored satin with silver lace and Miss Walker was gown in orchid taffeta with silver lace. Each carried lavender chrysanthemums.

The best man was Mr. Chester

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth. S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

F.S.S. Makes You Feel Like Yourself Again

Swain of Wilmington and the ushers, included Mr. Forest Hurley of Xenia and Messrs. Carl Brackney, Richard Fisher and Frank Skimmings, all of Wilmington. Preceding the service, a prelude of music was rendered. Miss Erma Strong, sister of the groom sang "To a White Rose" accompanied by Miss Helen Hurley. Miss Hurley also played "Yours", preceding the ceremony and during the nuptials played softly, Mendelssohn's Wedding March. Thirty-five guests were entertained at a reception and luncheon following the ceremony at the home of the bride's sister and brother-in-law, Mr. and Mrs. Howard Moorman, in Jamestown. Twelve members of the bridal party were seated at the bride's table, including Mr. and Mrs. Strong, Misses Cleo Hurley, Mabel Walker and Anna Turnbull and Messrs. Chester Swain, Forest Hurley, Richard Fisher, Carl Brackney, and Frank Skimmings and the Rev. and Mrs. Allbaugh.

A color scheme in pink was carried out in the decorations of the bride's table the table being centered by a large bouquet of pink roses in a silver basket and a bride's cake in which the time-honored articles were hidden. Following the luncheon, Mr. and Mrs. Strong left immediately for their home in Springfield, where Mr. Strong is engaged in business. Mrs. Strong wore away a blue tailored frock with travelling suit with gloves and shoes of pheasant color.

Mrs. Strong has been a popular member of the younger society at Jamestown but more recently has spent most of her time in Dayton,

where she was a city public school teacher. She has been spending her summers with relatives in Jamestown. Mr. Strong recently moved from Wilmington to Springfield to enter business.

Mr. and Mrs. Strong will be at home to friends soon at 1409 Woodward Ave. Springfield.

CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

ELECT OFFICERS OF AUTO CLUB AT MEETING TUESDAY

George Little was elected president of the new Greene County Automobile Club and 15 directors named at an organization meeting held Tuesday night.

The officers were elected by the 15 board members at an organization meeting immediately after board was named. Other officers elected by the board are Louis Allison, vice president; Oliver Belden, secretary and A. E. Faulkner, treasurer.

The nominating committee appointed last week, consisting of Louis Allison, Oliver Belden and P. B. Yockey, selected the names of 11 members of the board of directors which were submitted and elected to the directorate first. They were: George Little, H. L. Binder, C. R. Hinkle, E. H. Heathman, R. A. Kelly, Ed Ballard, of Jamestown; Ralph Wolford, of Cedarville; E. A. Oster, of Yellow Springs; W. B. McCallister, C. H. Little and J. A. Finney.

After the 11 new directors had been elected it was decided after a motion to increase the directorate to include 20 names. Four of the extra members of the board were added at once, including P. B. Yockey, Dr. A. C. Messenger, Oliver Belden and Louis Allison. The board was authorized to select the five additional members later.

The board, at its organization meeting instructed the president and secretary to purchase the necessary supplies and equipment to place the new club in immediate operation. A constitution and by-laws, submitted by J. A. Finney, attorney, were also considered and passed upon a Tuesday's meeting. The new regulations fix the annual membership fee at \$10 a year, which will include membership in the Ohio State Automobile Association and the National Motorists Association, with which the Greene County club is affiliated.

Discussion of plans for the future of the club, occupied considerable time at the meeting following the election.

LLOYD GEORGE WELL PLEASED WITH RECEPTION

Montreal, Oct. 10.—Gratified by the cordial manner in which his first address was received in Montreal, former Premier David Lloyd George of England today gave himself completely up to rest and recreation.

Warm bright weather sent the famous statesman early to the golf links where he enjoyed a round of his favorite game.

Lloyd George took lunch at the golf club, returning to his hotel in time to pack up for his journey to Ottawa, the dominion's capital.

No official functions are arranged for the Ottawa trip except dinner at government house. After dinner the Lloyd George special will leave Ottawa for Toronto.

SPECIAL SERVICES IN CATHOLIC CHURCH END ON TUESDAY

The Devotion of the Forty Hours at St. Brigid's Catholic Church, came to a solemn close Tuesday evening at 7:30 o'clock, with special ceremonies including a processional and the exposition of the Blessed Sacrament.

Fifteen visiting priests from nearby parishes, assisted the Rev. A. A. Burke, pastor, and took part in the impressive ceremonies that marked the close of the devotion. The period began Sunday morning at ten o'clock Mass, and was marked by prayer and devotion with two Masses each, Monday and Tuesday.

The services closed Tuesday night with solemn Benediction, of which the Rev. John Malone, of Hillsboro, Ohio, was celebrant, the Rev. David Powers, of Milford Center, deacon, the Rev. William Conroy, of Oxford, subdeacon and the Rev. Father Burke, master of ceremonies.

Other priests present in the Sanctuary, who took part in the final devotions and in the processional of the Blessed Sacrament, were the Rev. Joseph Hyland, of Eaton; the Rev. James Ward and the Rev. James Wade, of Dayton; the Rev. Thomas Fogarty of Washington, C. I.; the Rev. Edward McGinty of Jamestown; the Rev. James Quinn, of South Charleston; the Rev. William Casey, of Urbana; the Rev. John McGlinchey of Springfield; the Rev. Father Schaw, of Yellow Springs; the Rev. Charles Eitel, of Wilmington; the Rev. Edward Stuhlmiller of Springfield and the Rev. Francis Cotter, of Marion.

The procession was led by a number of little boys as acolytes, garbed in red cassocks and white surplices, and each bearing a candle. They were followed by a about 40 little girls, dressed in white and wearing white veils, carrying flowers. The children had been trained for the exercises by the Sisters of the parochial school.

The sanctuary was decorated with ferns and potted plants, and carnations, chrysanthemums and sweet peas, mingled with greenery on the altar, created a pretty scene under

SPAIN'S CITY GOVERNMENTS ARE ABOLISHED.

King Alfonso has signed a decree presented by General Primo Rivera abolishing city councils and city governments in Spain.

This marks a long step toward ridding the country of political grafters. Hitherto it had been impossible to find a councilman who had not acquired millions during his two years in office. Spanish politicians are on the verge of despair seeing their revenues being sliced away daily, but the people are overjoyed at the strict impartial measures of the new dictator.

The cost of living in the capital has diminished by more than 5 per cent since the entry into power of the directorate.

The Council of State has voted an extra allowance of 42,000,000 pesetas for the purpose of more extensive military operations in Morocco. Although the dictator has not clearly defined his policy in regard to the protectorate, it would appear that he believes Spain should conquer the Moors once for all. In this he is supported by the entire army and military classes.

Ambassador Moore expects to be able to persuade the Spanish Government to grant a six months' modus vivendi on which basis American exports would still benefit by the most-favored-nation clause of the expired commercial treaty. However, it is known that Spanish commercial and industrial classes are daily attempting to persuade the new dictator not to allow this, but to place American goods in the second column of the Spanish tariff. That would entirely please the British, and it is believed that not a little sterling is being contributed to combat the attempts of Ambassador Moore to protect the interests of his countrymen. On the other hand, Spanish importers of American goods and Spanish exporters to the United States are working hard in co-operation with the Ambassador.

If the modus vivendi is not granted to the United States by the dictator American goods will be under a great disadvantage and will be unable to compete with imports from Great Britain, France and Germany. That would be a severe blow to American trade and one which would take many years to retrieve.

HOW THE CANVASSER PICKS OUT THE TIME TO CALL ON YOU.

"Dark and rainy days," says a man who had rung many door bells, "are good selling days. People are usually at home, and they are not hurrying to get through with their work to get out. They are most likely to listen, because they want to be entertained. A few people are in bad humor on dreary days; but if they are out of sorts it is up to the salesman to supply the light and sunshine to chase away the gloom."

"A house-to-house man can keep working pretty steadily all through the week, an average of eight hours or more a day. He always has different types of families in his territory. When some of his less fortunate customers are elbow-deep in the Monday-morning suds, he can call at homes where they have laundresses. During the times the people in comfortable circumstances are likely to be out shopping, he can call on those who don't get out much."

"The best time for a visit depends on the kinds of people you are calling upon. A great many wives have to get their men off to work as early as six o'clock in the morning, and eight is by no means an unusually early hour. By that time the woman has her breakfast dishes out of the way and part of her cleaning done. Meal time is a poor moment to approach her, and if the salesman should happen to smell anything burning, he should go while the going is good. A person who has finished a good meal, however, feels like loafing for a short time and is generally in a good humor at this time. The customer is quite content to look over your stock and hear what you have to say."

THEY HAVE A CONSCIENCE.

Akron (Ohio) car riders have a conscience. They do not demand service at less than cost to the railway company even though the franchise, under which it operates, fixes at 5 cents the maximum that can be charged for a service now costing 5.7 cents.

A few weeks ago the railway company made the facts in the case known. It informed car riders they were receiving a service at less than cost and invited as many as were willing to drop an additional cent in the fare box. At first the request was little heeded. Only here and there did a passenger deposit the additional cent.

Now, however, after only a few weeks the situation has changed, according to the company reports. Instead of receiving but a few cents, an inconsequential sum in all, as it did at first, the company is now receiving a daily average of 21,000 additional pennies—enough, it is reported, to prevent a serious deficit from operation.

It is seldom that an American community is disposed to deal so fairly with a public service company. Its attitude has generally been to insist upon the letter of its contract, at whatever cost to the corporation and to the nature of the service it can provide. It is to be hoped that the Akron response to a legitimate request marks the turning point in the public's attitude toward all public service enterprises.—Editorial in Cleveland Plain Dealer.

A CARTOON THAT NEEDS NO WORDING

1903-- Twenty Years Ago--1923

The most important action taken by the city council at the regular meeting last night was that in reference to gas and electric light. The company is now engaged in changing to the new plant which has been constructed and the vile scent which has been pouring through the pipes for several days has caused a howl to go up in all directions. A committee of three was appointed to find some relief for this miserable

gas service. The ordinance committee and solicitor were directed to prepare an ordinance, regulating the price of gas and electric lights as furnished by the Peoples Gas and Electric Co., to the private consumers of the city of Xenia.

Mr. L. Steinfeld, a former Xenia business man, who is now located in Cincinnati, stopped in Xenia yesterday and remained over until today, greeting his Xenia friends.

"A Reader: Potato Flour Muffins: Mix four egg-yolks with two tablespoons of sugar, then stir in three tablespoons of cold water and three-fourths of a cup of potato flour sifted with one-half teaspoon of salt. Beat four egg-whites stiff, adding one teaspoon of baking powder to them just before they reach the stiff stage and fold this into the first mixture. Turn the batter into well-greased pans and bake in a moderate oven for 20 minutes (at 350 degrees if you use a Fahrenheit oven thermometer.)"

JUST GOT OVER A COLD?

Look out for kidney trouble and sackache. Colds overtaken the kidneys and often leave them weak. For weak kidneys—well, read what an Xenia woman says:

Mrs. Hannah A. Reed, 520 W. Second St., says: "There were times when I stooped while washing that I got severe stabs of pain through my back, and I could hardly rise again, my back was so stiff. When I got up mornings I was lame and tired. My back throbbed in the morning just as if I had been pounded with a club. My kidneys were irregular in action and caused me annoyance. Colds settled on my kidneys and this started my trouble. About three boxes of Doan's Kidney Pills, which were highly recommended to me, relieved me of those pains in my back. My kidneys became normal and regular in every way."

Railroad Dividends—and Taxes

LAST year the Pennsylvania Railroad System paid out more in taxes than in dividends. Out of every dollar received 4.38 cents was paid in taxes, while only 4.34 cents was paid in dividends.

In the year 1913 the total dividends paid to railroad stockholders were about two and a half times the total railroad taxes. In the year 1922 the taxes paid were 11 per cent greater than the aggregate dividends.

The cash dividends paid in 1913 totaled \$322,300,406 and the taxes \$127,725,809. Dividends in 1922 totaled \$271,576,000 and taxes \$301,003,227. In the ten-year period, 1913 to 1922, therefore, taxes increased about 135 per cent while dividends decreased about 16 per cent.

The increase in taxes is due in part to an increase of approximately five billion dollars in the property investment of the railroads between 1913 and 1922. But, while the total investment and value of railroad property devoted to public service during this period has increased about 33 per cent, and taxes upon the property 135 per cent, the total compensation to railway stockholders has decreased 16 per cent.

AUTUMN

I wondered all the summer long about a certain tree.
It was a frail and twisted thing, and poor it seemed to be.
Its handsome brothers jeered at it,
The shapely maples sneered at it
And towered above it in their pride and winked their eyes in scorn;
I fancied I could hear them say:
"That useless tree is in the way.
"Twere better for the woods we rule if it had not been born."

It lived, and yet it had no grace—I wondered why it grew.
The weakest brother of its race, despised and lonely, too.
And oft I thought: "This lovely scene
Were fairer if that tree had been cut down, so men would never know or see its sorry state.
That twisted trunk, those branch-escapes bare.
Destroy the landscape's splendor there;
It is the beggar of the clan before

the palace gate."

And like the beggar, day by day I fancied I could hear it plead: "Alms! Alms of drink and food I beg.
Pray give to one in need."
But trees, like men, when they are strong
Forget the weak and pass along; That ill-shaped tree in leafy rags no touch of friendship found.
I watched it struggling to survive.
At times I thought it scarce alive, But still it weathered storm and gale when mightier trees were down.

Now autumn with its matchless paints has visited once more
And, strange to tell, in scarlet stands the beggar at the door.
That poor and twisted, helpless tree
Which once was pitiful to see,
Lends splendor to the distant scene, the fairest of the fair.
And I who was a doubting man,
Now see the purpose of the plan
And understand that twisted tree
and why God placed it there.

Today's Talk

An army may be ever so well trained and in the fittest of condition but without great leadership it is worse than whipped before battle.
You may have a strong body. Your health may be perfect. Every one of your faculties may be in trim. But unless you have the power within you to take what you have and lead it to victories, you might as well be of the weakest.

There must be a conquering spirit behind your brain and body.
I is not enough to imagine. You must will that imagination into deeds—into definite action.

Even you do not know the height to which you may aspire and then take hold of, until you have enveloped yourself with the conquering spirit and thrown everything upon the altar of achievement, determined that you shall be nothing less than the greatest of which you are capable.

They say that nothing great is ever accomplished without enthusiasm. But where does this enthusiasm come from? I'll tell you—from that conquering spirit of yours!

And this spirit is something that nothing can take from you, no one can rob you of, once you have taken it to personal ownership. It's yours, and you are somebody.

I heard of an interesting story the other day. A young woman was determined that she would become an actress. It had always been one of her dreams. And so she set out for the "great city." She became one of the long line of applicants at the doors of the theatrical managers.

But as she sat there, she thought. One by one the long line was dismissed. Then the manager appeared in his outer office and found this young lady there. Surprised, he asked: "And what are you doing here? You want a job, too?" "No, not exactly," she replied. "I knew that I had it in me, and so I came here to find out from you how to get the job!"

It is needless to say that she was engaged and later became a well known and successful actress.
That conquering spirit will do anything you feel it to. In fact it is you—or it isn't.

JOYFUL FAMILY REUNION

"Two of my brothers, a sister, as well as myself have been chronic sufferers from gas in stomach, indigestion, pain in right side near appendix and liver trouble for many years. My sister tried Mayr's Wonderful Remedy with such good results that we all took a course of it and it helped in each case. Last Sunday we had a family reunion in celebration of our recovery and what we all did eat." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

WESLEYAN BEGINS OHIO CONFERENCE SEASON SATURDAY

Delaware, Oct. 10—Handicapped by minor injuries to a number of players the Ohio Wesleyan football team will open its home schedule Saturday with what is expected to be a hard fought game against Ohio Northern. The contest is regarded here as a test of the Ohio Conference championship possibilities of the Methodist eleven.

Northern will bring to Delaware Saturday what appears to be the best team the Ada school has turned out in many years. Northern and Wesleyan seem well matched in weight while the two teams boast a number of the fastest backfield men in the conference.

While no Wesleyan players are out with serious injuries the work of the team will be handicapped by the battering which as usual they received against Ohio State's heavy players in the opening game.

Wesleyan fans hope the Methodists to win by a narrow margin after a closely-contested game. Such a victory will start Wesleyan fans and players on the trail of another Ohio Conference championship.

Keeping Millions Free From Colds and La Grippe

W. H. HILL'S LIFE WORK

Colds cause more illness than any other human ailment. Realizing this 50 years ago, W. H. Hill determined to develop a quick-acting scientifically correct cold and la grippe remedy.

Years of research brought success. Mr. Hill discovered a most remarkable formula. He backed it with energy, faith, integrity and a name that meant "satisfaction or money back."

Today more than 4,000,000 families—one-fifth of America's population—use and recommend Hill's Cascara Bromide Quinine.

The formula has never been changed in a quarter century. What Hill's has done for millions, it can do for you. Demand red box bearing Mr. Hill's portrait. All druggists, 30 cents.

COURT NEWS

Two Seek Divorce

Minnie Hough charges her husband, Ross Hough, with extreme cruelty and willful absence for more than three years in her petition for divorce filed in Common Pleas Court. The couple was married September 22, 1899, at Jamestown.

Emma L. Parker charged Oscar Parker with fraud in her petition for divorce she declares she married Parker March 17, 1921, under the impression he was a single man but that he had a wife living at the time. Later the petition declares, he was arrested for bigamy and indicted May 2, 1921. On his plea of guilty he was sent to the Ohio Reformatory. The petition says he was the husband of Margaret Slusher Parker. The plaintiff wants divorce and restoration to her maiden name of Emma L. Toms.

Bus Case Appealed

The fight between the City of Xenia and the operators of interurban buses, has resumed. Common Pleas Court with the filing of a petition in error against the City by Clarence Stoner, owner of a Dayton and Xenia line, on appeal from Municipal Court.

The petition declares the plaintiff in error was found guilty and convicted before Municipal Judge E. D. Smith August 30, 1923 for using and occupying the streets of Xenia with motor busses without first obtaining a license, contrary to Ordinance No. 198.

In appealing, the bus owner declares the Municipal Court erred in overruling his motion for a new trial; in overruling a motion of the defendant to quash the affidavit; in overruling a demurrer to an affidavit filed by the defendant in error, in admitting evidence offered by the city to which the defendant was not entitled; in ruling out evidence offered by the defendants; in that the judgment should have been for the bus owner; in overruling a demurrer to the evidence and a motion to discharge the defendant; in that the findings, judgment and sentence of the Court were against the weight of evidence and other errors.

The plaintiff in error wants the judgment reversed and the sentence held for naught.

A. J. Halleran of Dayton and Smith, Rogers and Smith of Wilmington, represent the plaintiff in error. City Solicitor J. A. Finney is prosecuting the case.

Divorce Is Granted

Emily Leasure has been granted a divorce decree from Herman Leasure in Common Pleas Court on the grounds of gross neglect of duty.

Case Is Dismissed

In the case of G. F. Brickel against J. H. Smith and others the claim has been fully satisfied and the action dismissed from Common Pleas Court without record.

Writ Is Refused

In the matter of Ham Fields, against The Deputy State Supervisors and Inspectors of Elections of Greene County the Court held the relator was not entitled to the writ and the petition was dismissed. The petitioner sought to have his name placed on the Sugar-creek Twp. school board ballot.

PLAINTIFF GETS JUDGMENT

John T. Harbino Jr., has been awarded a judgment in Common Pleas Court against G. H. Logan, and others, in the sum of \$109.68.

TWO GO TO HOSPITAL

Two commitments to the Dayton Hospital have been ordered by Judge J. C. Marshall in Probate Court following lunacy hearings. They are Julia E. Croty and Philipina Sabini.

ADMINISTRATRIX NAMED

Margaret Strebel has been named administratrix of the estate of William L. Strebel, late of Xenia, in Probate Court and furnished \$1,200 bond.

NO TAX WILL BE DUE

No inheritance tax is due on the estate of J. Earl Andrews it has been determined in Probate Court. The gross value of the estate was \$4,643.25 and the debts and costs of administration \$4,339.43 leaving a net estate of \$303.82, each succession being less than the exemption allowed by law.

SPECIAL REPORT BLANKS GIVEN TO SCHOOL CHILDREN

Special report blanks were given all Xenia public school students to take home and show their parents yesterday, according to C. A. Waltz, superintendent of schools.

Pupils whose work has been unsatisfactory were given slips indicating this fact and the teacher's reason for the condition. Pupils whose work has been good or excellent, were given slips so indicating while those whose work was satisfactory received no slips.

Parents are advised by the superintendent that if their child does not bring home a slip, it will be to their interest to call the principal of the building which the child attends and learn the situation. Last year pupils who received slips indicating that their work was unsatisfactory sometimes failed to take them home, according to Mr. Waltz.

Teachers will welcome inquiries of parents regarding the standing of their children, says Superintendent Waltz. Parents may either call by telephone or personally and thereby show an interest in their children's school work. School authorities are glad to co-operate with the parents, but if this interest is not taken until the child's failures have gone too far, there is little that can be done, it is said.

If a child receives a deficiency slip and fails to bring it home, teachers cannot accept the responsibility, and it is for this reason that teachers invite inquiries from parents regarding the pupil's work. All teachers and principals are ready to talk to parents about the school progress of their children and thus create a closer connection between the school and home.

Superintendent Waltz is urging a closer co-operation between the school and home for the good of the children, and suggests the use of the telephone where personal calls are impossible. The regular grade cards will not be issued until November 15, it is announced.

POLICE AUTO IS MOST EXPENSIVE WAY TO RIDE

Chartering a sea going taxi for the evening and riding around to the music of the ticking fare meter, is considered the acme of spending money in some sections.

Chief of Police M. E. Graham, however, contends that riding in the trick new Ford touring car owned by the City for the Police Department, is the most expensive known form of travel in the city.

Chief Graham bases his claim on the assertion that it has cost all passengers to date from \$5 to \$500 to ride in the Police car. Police operate the car and when they pick up a fare or two, Judge E. D. Smith generally writes the ticket in Police Court the next morning.

Ernest Haines, 38, colored who rode from a point on East Market street to Police Headquarters in the new flivver Sunday morning, found out the meter read \$500 and costs Tuesday morning.

SCHOOL DRIVERS MUST BE LICENSED

All drivers of school trucks and wagons, who have not already secured drivers' licenses are called to meet at the County Board of Education rooms in this city, next Saturday, October 12, from 8:30 to 11 o'clock. The purpose of the call is to examine and certify all those who are engaged in transportation of school children under Section 7731-3 of the General Code of Ohio Laws.

This law provides that no one shall be employed as a driver of a school wagon or motor van who has not given satisfactory and sufficient bond, who is not of good moral character, who is not at least 18 years of age, (certificate may be issued to a high school boy at least sixteen) and who has not obtained a drivers' certificate signed by the County Board of Education and County Superintendent of Schools. No contract would be legal and valid until the above provisions have been complied with.

ARMS CACHE UNCOVERED
Springfield, Oct. 9.—Acting upon information supplied by Mrs. Jean Foley, told in Darka county jail, Greenville, on a charge of bank robbery, Darka county officials uncovered a cache of rifles, revolvers, ammunition, nitroglycerin and safe blowing equipment buried on the William Thomas farm, east of Springfield.

LOCAL CONTRACTORS GET CLEVELAND JOB

The Loyd Contracting Company, of this city, has been awarded the contract for installing a huge water distribution system in the village of Willoughby, near Cleveland, along Lake Erie.

The contract was let Monday by the county commissioners of Lake County, in which the district lies, and calls for about \$150,000 worth of work. The Xenia Company expects to start the work immediately with the intention of finishing in six months.

The contract calls for ten miles of water mains in a new sub division outside the village of Willoughby, which is being prepared for residential development. Part of the piping will be 12-inch mains along the main proposed street, and the entire distribution system will tie up with the village water works in order to supply the new district with water.

Equipment of the Loyd Company is now being rushed to Willoughby to start the work and James H. Loyd, president of the company, will go to the village soon to assume personal charge. E. S. Davidson, secretary and treasurer, was in Willoughby when the contract was let from a number of bidders Monday.

A Mild Laxative NEVER Gripe

A WIFE'S STORY

By Jane Phelps

Synopsis of Preceding Chapters

Ruby Atkins marries Paul Norwood, who has already dissipated a fortune. Born to money, he can't get along without it. There are two children, Joan and Laura. Though Ruby discovers her husband is egotistical, she never ceases to love him. Paul introduces Dave Logan, a man with an unsavory reputation, whom Ruby comes to regard as their best friend. Norwood leaves his wife for five years during the war. Ruby struggles alone until his return. Logan reappears and Paul refuses to give Ruby his confidence, when things begin to go better financially. Joan also gives Ruby grave cause for anxiety. Paul and Dave Logan rail at prohibition. Dave sows the seeds of distrust in Ruby's mind and eventually makes love to her. Ruby is distressed but thinks him unaccountable because intoxicated. Paul buys a house in the country and plans for a dock and boat.

SHIPS THAT PASS IN THE NIGHT

Chapter XLIX

Both Dave and Paul seemed a bit annoyed that I had interrupted them, but I pretended not to notice and began to talk about the house, the dock Paul had planned to build and so forth.

"We shall be very happy here," I said. "Especially if Paul can be at home more than he has been lately. His being away so much is the only fly in my ointment."

"Some people are never satisfied," Paul said sharply.

"You surely don't blame me for wanting your society," I laughed. But nothing I could say relieved the constraint that had come over them upon my appearance and I was glad when Dave said he must get back to town. Paul accompanied him to the station. "To finish their argument," I said to myself.

The Best Cough Syrup is Home-made.

Here's an easy way to save 25¢ and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

on so calm a night. I had always associated them with danger. When Paul came to bed an hour later I was still awake and told him what I had seen. He went to the window and stood there for a long time but said nothing.

In the morning after we had finished breakfast and the girls had left us alone he said:

"We will take the guest room for ours, Ruby, and keep the rear one for visitors. Have the furniture changed today."

"But that room is much larger and you choose it as ours," I told him mystified.

"Well, I've changed my mind. I prefer the other one and you can put a single bed in the small room adjoining. When I am restless you can occupy it and won't disturb you."

I loved the big rear room overlooking the water, had taken great delight in arranging it. I tried to argue with Paul, tried to make him understand how disappointed I was that he wanted to change, but it was useless. And finally I desisted, but not without a sigh.

In spite of myself a thought that he had some ulterior motive in insisting upon the change came to me. The front room was smaller, less desirable in every way. It was not like Paul to

take the second best for himself. But after he left town I superintended the removal, hushing the girls as best I could.

Telephone Trouble Causes You Inconvenience

Here's How You Can Help Prevent It

DO not "bang" the receiver on the hook nor handle the telephone roughly. There are more than 200 parts to the instrument, some of which may be shaken loose.

Do not place wet coats, umbrellas, mops or other damp articles near the telephone or on the cords. Dampness may make the line "noisy" or put the telephone entirely out of order.

In case of trouble we are generally the first to know it, but if at any time your telephone does not work properly, please report it to our "Repair Clerk".

Although you do not see a man working on your telephone, you may be assured that your report is receiving attention. The trouble may be at the central office or somewhere along your line.

Telephone troubles impair the service for every patron and our first consideration is to clear them as promptly as possible.
